Puppy Picket

All railing designs are available with puppy picket

Standard railing heights are 36", 42", 48", 60", & 72"

Standard gate widths for all of these railing designs are: 36", 42", 48", & 60"

We offer all of these designs in a residential grade mechanically fastened railing and a commercial grade welded railing system. Many other design options, such as arches, scrolls, and picket accents, are available for the welded railing system.
